### **Reasons for Allowance**

1. Regarding Applicant's response dated 12/13/04, Applicant has amended claims 41 – 57, to include allowable subject matter as identified in Examiners previous rejection of 07/08/04, and hence claims 41 – 57 are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance, as identified in remarks section on page 6, of Applicant's response dated 12/13/04.

The prior art of record does not teach or fairly suggest at least:  
“...a feed back engine to build and update a population test program by generating an abstract tree (AST) for each test program populations ”, as best illustrated by figure 4 and 6 and in such a manner as recited in independent claims 41, 46, and 52.

Therefore, all claims, i.e. claims 41 – 57 are in condition for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
